

HUI A IWI – Ruakaka Wastewater Treatment Plant

Patuharakeke Trust Board

NAU MAI, PIKI MAI, HAERE MAI

The Patuharakeke Trust Board are hosting a **SECOND** hui for the Whanau, Hapu, Iwi to discuss, and have input into the draft analysis of the Tangata Whenua point of view on the Long Term Ruakaka Sewerage Treatment Plant Project. This will include the possibility of an outfall into Tangaroa's domain (our food basket). This invitation is the final opportunity for the whanau and other interested people to have their say. The presenters are Amos Kamo and Anthony Olsen of Boffa Miskell. They will report on the draft analysis from the first hui, take more comments from this second hui and will reflect these in the Chapter - Assessment of Effects to Tangata Whenua. Please come along and provide positive recommendations for the future sewerage requirements in our Rohe.

Venue: Takahiwai Marae, 229 Takahiwai Road, Takahiwai, Ruakaka.

Date: 24 September, 2010

Time: 6:00pm - 8:00pm

**Please rsvp to:
Patuharakeke Trust Board**
